Supporting children in foster care and the families who serve them.

PS I Love You entered 2023 with a flooded building. The flood damaged our offices and the Donation Center, ruining clothing, socks, underwear, and new toys for foster children. This ordeal put our new building expansion on hold and created lots of challenges. But through it all God remained faithful in providing for ALL of our needs. With the help of many local partners, wonderful staff, family, and friends, we restored the damaged building and completed the renovations of the new Training Center and Donation Center.

As I look back and reflect on 2023, I have felt the strength of my God and experienced His faithfulness like never before. Isaiah 40:29, says "He gives strength to the weary and increases the power of the weak."

As we celebrate all He did through PS I Love You in 2023, we are also focusing on new opportunities to serve foster children and the families that take care of them for years to come. We count it a joy and privilege to serve His Kids! Thank you for partnering with us on this incredible journey of supporting children in foster care and the families who serve them!

Serving His Kids,
