

with a heart of
gratitude

Celebrating 10 years of serving foster children and foster families has been an honor and privilege. It is amazing to reflect on God's achievements and provisions for PS I Love You.

Everyday in our community, children come into foster care hurting and helpless, in need of basic necessities.

By partnering with PS I Love You Ministries to provide resources for foster families, YOU are providing

Hope & Healing

I am so thankful for our donors, churches, community partners, and businesses that have invested in the lives of foster children in our community. Looking back gets me excited to look forward at the future of PS I Love You. Our vision moving forward is to expand our resources and restore hope and promote healing for many years to come.

Serving His Kids,

Kay Kirby

2016

2020

2022

On April 21, 2012, PS I Love You officially became a nonprofit! Using a small room at View Church, Bibles, blankets, and toiletry items were collected for care bags. We quickly outgrew the small space.

FROM CARE BAGS...

2016

On October 2016, PS I Love You opened a clothing closet to be a face for foster children. That presence brought new opportunities to serve foster families.

PS i love you

In January 2020 we opened
**PS I Love You's
Resource
Center.**

While the number of children in foster care has not changed dramatically in the past few years, the number of foster families who come for support has!

In August 2022, we purchased the adjacent building to expand our services further.

The new space will include..

- NEW Training Center
- NEW Kids Space
- NEW Donation Center

This will allow an additional 900 sq ft of shopping space for foster families.
