Supporting children in foster care and the families who serve them.

In August, we hosted our annual "Back to School Shoes" event at Shoe Carnival. PS I Love You received a grant from Circle 555 to provide "new" shoes for kids in foster care from Shoe Carnival. This is my favorite thing we do all year! Watching the excitement of 132 foster children picking out NEW shoes is one of the most fulfilling and heartwarming events we provide for kids in foster care.

*"If God sends us on stony paths, we are provided strong shoes."*

Corrie Ten Boom's quote is a glimpse of the journey children in foster care travel. Foster

children often walk stony- rough paths that lead them into foster care. They are victims of unfortunate circumstances that are no fault of their own. Oftentimes, they are left wounded and bleeding on the inside with trauma that affects them daily and for years to come. Providing "Strong Shoes" by sharing the love of Jesus and meeting their physical need for shoes is exactly what the Back to School Shoe event does.

I am so thankful for such an amazing community of donors and partners who allow us to fulfill God's call to "Look after orphans in their distress...." James 1:27.
